INTRODUCTION.

THIS is the forty-third volume of Wilson's Copartnership and Corporation Directory, the first being published in 1849. The present volume contains the names of 30,441 firms, corporations, etc.

In a city having such varied and vast commercial and financial interests as New York, the Copartnership and Corporation Directory is as essential in its sphere as a Business or General Directory, and to many the services of the two latter could be more easily dispensed with. The aim of this work is to furnish to Lawyers, Banks, Bankers, Brokers, Insurance Companies, Trust Companies, Merchants, Capitalists, and Investors, the following information, viz.: To give the correct firm or corporate name, the names of the members of each firm, both general and special, where there are limited firms the names of the special partners and amount of special capital, the term of its duration; the names of the various Banks, Insurance, and Trust Companies, their Capital, Officers, and Directors; the Capital, Officers, and Directors of the numerous Manufacturing and Mercantile Companies and the name of the State under whose laws they are chartered; the various Trade names and the proprietors thereof; the names of the foreign houses located in New York, and in connection with each, the location of the Home Office, the name of its New York representative, and the location of its New York Office; the whole arranged in alphabetical order, making it a work of easy comprehension and great utility. And the publishers feel confident that the information they impart is as accurate and reliable as a perfect system, long experience, and human hands and brains can make it.

A FEW POINTS IN USING THE COPARTNERSHIP DIRECTORY.

1st. Its arrangement is strictly alphabetical.

2d. The words "(no inf.)" after a name signify that the firm or corporation so quoted appeared in the New York City Directory of 1894, but that definite information as to their present location was unobtainable.

3d. The words "(inf. unattainable)" signify that, notwithstanding diligent effort was made on our part, we were unable to secure the desired information.

4th. (Example) Henderson Theodore & Co. (Theodore Henderson jr. & John Barnutz, only). The word "only," in this example, signifies that some person whose name appears in the style of the firm is not at present a member; in this particular case Theodore Henderson, sr., has retired, although his name appears in the firm.

5th. The abbreviations of the various States following after a corporate title denote that information was given our canvasser that the Corporation was chartered under the laws of such State or States.

6th. For New Firms, Corrections, etc., too late for insertion in their proper place, see last page.

Respectfully,

Or in any way
connected with a **Stock Company**
of any kind? If so, you should possess a copy of

GOODWIN'S IMPROVED BOOK-KEEPING AND BUSINESS MANUAL.

THIS book contains 293 pages, 24 of which are devoted to the book-keeping of **STOCK COMPANIES**, explaining at length how the books of such are opened and closed, and describing in detail many other peculiarities appertaining especially to this class of business concerns, such as

"Watered Stock," fictitious dividends, nominal capital, working capital, contingencies, dividends, bonds, mortgages, instalments, "commission," plant, surplus fund, cancelled certificates, assignment of shares, annual reports, exaggerated assets, limit of capital, treasury stock, transfer of stock, forfeiture of stock, organization, loans to stockholders, liabilities of stockholders, patent right purchased and paid for in stock, partnership books changed to stock company books, capital stock increased and stock dividend declared, capital stock decreased, various statutory points—and the following forms, both illustrated and explained: Subscription Book, Certificate Book, Transfer Book, Dividend Book, and—a new form of Stock Ledger.

EVERY OFFICER OF, EVERY SHAREHOLDER IN, AND EVERY BOOK-KEEPER FOR a Stock Company will find that this work contains many articles on subjects in which he is directly interested. It will also prove of especial value to him as a **BOOK OF REFERENCE**. This book contains more practical information on the subject of **STOCK COMPANIES** than that contained in all the other works which have ever been published. It is, in fact, an **AUTHORITY** on the subject, among the **largest corporations of the world**—as witness, the following:

"Your book FAR SURPASSES my expectations, containing, as it does, so much valuable information."—CHAS. W. SIMMONS, with the Standard Oil Company, Cleveland, Ohio, Nov. 26, 1890.

"I would not part with it for five times the money I paid for it. If I could, I would get another copy."
—D. "Your article on 'Stock Companies' is so exhaustive and so general in its subjects that the knowledge one obtains from it is worth TEN TIMES THE PRICE OF THE WHOLE BOOK."—HENRY LUTHER, Treasurer of the Lodge & Davis Machine Tool Company, Cincinnati, Ohio, May 7, 1890.

"Your explanation of **STOCK COMPANY BOOK-KEEPING** is most excellent. I shall adopt your plan for THE LETTER. Would not take \$5.00 for the information I have gained from your book. I have ever seen."—W. J. BARNES, Secretary and Treasurer of the Providence Coal Company, Providence, Ky., March 14, 1890.
